Applicant's Statement

I understand that:

1. I hereby submit this application for a Minor Repair wastewater system and certify the above information to be factual and true to the best of my knowledge. I further certify that if the application and design plans is approved, a wastewater system Construction Permit, meeting requirements of the NEK ENVIRONMENTAL SERVICES and with all applicable laws, sanitary codes and regulations (of the county that I reside in) adopted or authorized by regulation of the Board of County Commissioners and with all applicable laws and regulations of the State of Kansas.
2. I will call NEK ENVIRONMENTAL SERVICES for a inspection before the system is used.
3. I will eliminate such system and make connection to a public sanitary sewer when available.
4. This Repair permit application expires one (1) year from the date of application and is not transferable to any owner of the location for other than the applicant who signed the applicant statement. If the Repair construction of the wastewater management system has NOT been started or completed by the expiration date of the permit, a NEW Repair permit application will need to be completed and an Repair Fee will be required.

NEK ENVIRONMENTAL SERVICES
WASTEWATER SYSTEM CONSTRUCTION **MINOR REPAIR - SINGLE FAMILY RESIDENTIAL**

INFORMATION SHEET

PLEASE READ AND SIGN THIS SHEET. Feel free to ask questions. NOTE: You are completing an application for a **Minor Repair** permit to operate a single-family wastewater disposal system in one of the referenced counties. When you sign this **Minor Repair** application, you agree to construct and operate the wastewater disposal system in accordance with the appropriate County Environmental Sanitary Code and Kansas Statutes or Regulations. Please understand that the application form is NOT a permit. An APPROVAL FOR CONSTRUCTION will be granted for the wastewater disposal system by the representative of NEK Environmental Services for the county as signed CONSTRUCTION PERMIT.

When completing the application, it is important that you provide the following:

1. Owner's name, mailing address and telephone number.
2. Address of location where the wastewater disposal system will be constructed.
3. Information about the water supply for the property.
4. Licensed wastewater installer's name and phone number.
5. Central Sewer available?
6. Public Water Supply/Private Well
7. House information.

READ THE APPLICANTS STATEMENT. Sign the application. Pay the fee.

NOTE: After you have completed the application, NEK Environmental Services will begin to process the Repair application within ten (10) working days.

NEK Environmental Services will inspect the repair to the existing wastewater and issue a Repair Permit.

Note: The licensed wastewater system installer must provide an "APPROVED AS BUILT" drawing to the property owner showing the location and layout of the waste water disposal system. A copy of this drawing must be given to NEK Environmental Services.

Note: NEK Environmental Services may share the permit application and permit with other governmental agencies such as Planning & Zoning, Building Codes, or other applicable agencies.

APPLICANTS STATEMENT: I HAVE COMPLETED THE Repair Application/Permit Form and have read and understand this information sheet.
